<p>How to update offline language packages?</p> <p>I. Connect to computer via USB</p> <ol style="list-style-type: none"> 1. Connect the recorder to the computer via USB and select (Update and Upgrade) in the recorder request access pop-up window. 2. Access the upgrade disk of the recorder in your computer (for the computer, the Android File Transfer tool needs to be installed, download the plug-in at: https://dl.google.com/androidmtp/mtp-control/AndroidFileTransfer.dmg). <p>II. Download offline language pack</p> <ol style="list-style-type: none"> 1. Open the (System and Offline Language Pack Update) link in the upgrade disk of the recorder on the computer, enter the update website, and download the corresponding offline language pack. 	<p>How to update the system version</p> <p>I. Connect the computer through USB</p> <ol style="list-style-type: none"> 1. Connect the recorder to the computer through USB, and select (Update). 2. Access the upgrade disk of the recorder in your computer (for the computer, the Android File Transfer tool needs to be installed, download the plug-in at: https://dl.google.com/androidmtp/mtp-control/AndroidFileTransfer.dmg). <p>II. Download system update pack</p> <ol style="list-style-type: none"> 1. Open the (System and Offline Language Pack Update) link in the upgrade disk of the recorder on the computer, enter the System (Offline Language Pack Update) website and download the latest system version. 2. Copy the downloaded system update pack to the upgrade disk of the recorder. 	<p>III. Upgrade the system</p> <ol style="list-style-type: none"> 1. After copying the system version package, pull out the USB and upgrade at (Settings) - (System Update). <p>Disclaimer</p> <p>The user acknowledges and agrees that IFLYTEK shall not be responsible for any interruption of the service and the developer's losses in the event of any of the following:</p> <ol style="list-style-type: none"> 1. Force majeure situations 2. System attacks, computer virus infections or attacks 3. Computer systems that have been damaged, paralyzed or are not functioning properly. 4. Technical adjustments in the telecommunications sector 5. Temporary closure due to government control 6. When not caused by the fault of IFLYTEK 7. As the joint responsibility of IFLYTEK and users to maintain the security and proper use of the software, IFLYTEK will take reasonable and prevent technical measures necessary to protect the security of users' personal information and data in accordance with industry standards. However, users need to acknowledge and agree that IFLYTEK cannot provide any warranty in this regard. 8. IFLYTEK audits the user's recordings in accordance with the agreement or other service agreements and standards in the Software. The audit does not guarantee whether the recording itself or other content in it violates laws and regulations or infringes the rights of third parties. If the user's recording itself or other content in it violates laws and regulations or infringes the rights of third parties, the user shall be solely responsible for all liability and be fully compensated for any damage caused to IFLYTEK as a result. 9. The software may use third-party software or technology, including but not limited to open source code and public domain code, that are provided by the software, the same body, and such use has been legally authorized. From a third party, IFLYTEK will display the relevant agreements and documents, which may be attached to this Agreement, packaged in specific folders of this software (regulations or agreements). They may be displayed in the form of "Software License Agreement", "Terms Agreement", "Open Source License" or otherwise. The above-mentioned agreements and documents presented in various forms shall form an integral part of this agreement and have the same legal effect as this agreement. Users shall comply with these requirements. Otherwise, the third party or state organs may file a lawsuit, impose a fine or take other legal actions to sue or sue them on our behalf. The legal liability independently if necessary, IFLYTEK should provide assistance. 10. Recorder service policy, subject to official channels. <p>Cautions</p> <ol style="list-style-type: none"> 1. The operating system only supports official upgrades, please refer to the latest software. Users are responsible for any security risks and losses caused by installing the unofficial system (these items include risks including information theft, automatic SMS sending, location, etc.) 2. There is a risk of explosion if the product is replaced with the wrong type of battery. 3. There is a risk of explosion if the battery use does not fit in accordance with the relevant laws and regulations. 4. The recorder is an off-product, the recording and transcribed text recorded by the user during use are based on the hardware device by default, and the user is responsible for managing them. IFLYTEK will not collect or process any personal information stored therein in the device. 	<p>Waste Recycling Tips</p> <p>Before using and operating this device, read the following instructions to ensure an optimal device performance and avoid dangerous use or unauthorized conditions:</p> <ul style="list-style-type: none"> • When charging, an adapter should be plugged into a socket nearby and easily accessible. The approved power adapters and chargers. • Keep this device and its accessories away from children's reach. Children may damage the device and its accessories by mistake, causing the small components, which may cause choking. • Avoid using the device in dusty, dirty, or dirty environments, or near sources of magnetic interference. • Keep the battery away from fire, excessive heat, and direct sunlight. Do not place it on or in heating devices. • Do not disassemble, modify, throw, or discard it. Do not throw foreign objects into it, submerge it in liquids, or expose it to even hot or wet steam, as this may cause it to leak, overheat, catch fire, or even explode. • Do not attempt to reduce the battery power — you may damage the battery, which could cause overheating, fire, and injuries. • Avoid disassembling or modifying your device and its accessories. Unauthorized disassembly and modifications may result in voiding the battery warranty. 	<p>Safety Information</p> <p>Before using and operating this device, read the following instructions to ensure an optimal device performance and avoid dangerous use or unauthorized conditions:</p> <ul style="list-style-type: none"> • When charging, an adapter should be plugged into a socket nearby and easily accessible.
