

Smart Dictionary Pen
Introduction

Type-C Charging Port

Connecting to WiFi

1. Turn on the dictionary pen and open "Settings".

2. Go to the WiFi settings, turn on your WiFi, choose a network and connect.

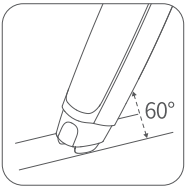

How to Scan

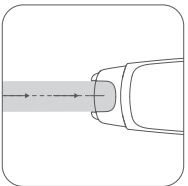

Hold the dictionary pen as shown in the picture.

Align the pen's center with the center of the text.

Keep the pen tip flat against the surface, and it is recommended to hold the pen on the paper at a 60 degree angle.

Slide the pen steadily from left to right.
